You Know It's Going to Be a Bad Day When ...

. . . You find out that you've dressed for Crazy Red and White Day and it's Country and Western Day.
. . . You discover that you are having a test on Monday. A period, that you didn't study for.
. . . Dean Sawyer screams at you BEFORE 8:00 a.m.
. . . They give you twenty minutes for lunch because the drains are backing up in the cafeteria.
. . . You don't have breakfast and they cancel Senior Lounge.
. . . You spend three hours writing cheat notes on the bottom of your shoe and you have to walk to school in the rain.
. . . The first time you take your Dad's car to school, you get hit by your own school bus.
. . . The lunch is kale soup.
. . . You figure out that it's going to cost you about $200 just for Prom night.
. . . You skip school for the first time in twelve years and they call home.

You Know It's Going to Be a Good Day When ...

. . . You have a test scheduled and they cancel school because of snow.
. . . You have study periods G and H and you never signed in.
. . . Somebody pulls a fire alarm during a test that you didn't study for.
. . . You find out that they extended Christmas vacation.
. . . They have Junior Whalers for lunch.
. . . Dean Sawyer says, "That's a great idea!"
. . . The football team wins.
. . . Band practice is cancelled.
. . . You have three subs in the same day and they all give you studies.
. . . You skip A, B and C periods to go to Senior Lounge and you don't get caught.

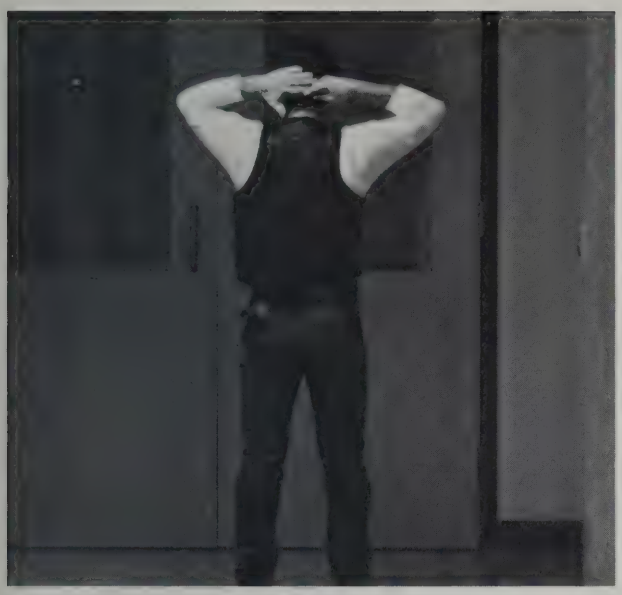
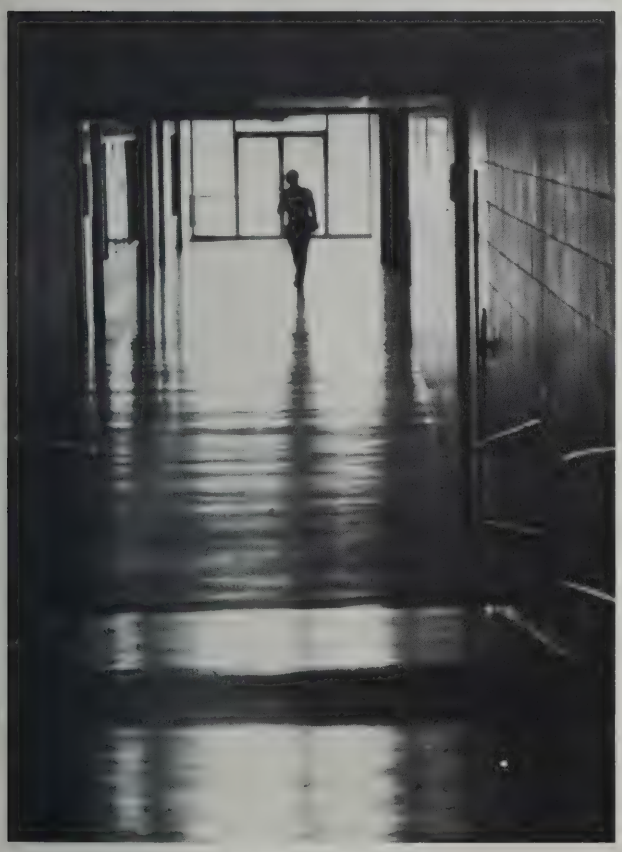
Who's down there feeling my leg?

O.K., which one of you has the super glue?



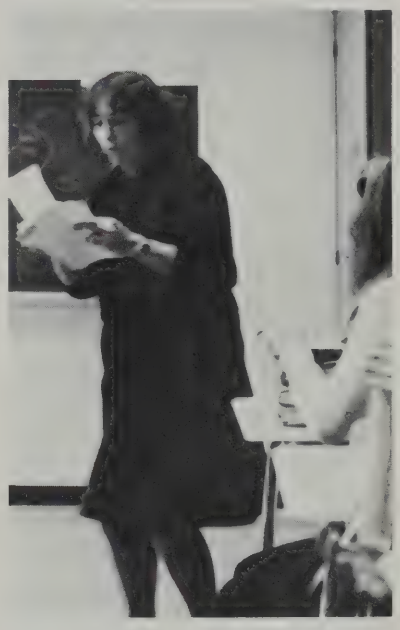
Busted!

Where do I put my butts?



Was it something I said?

You should pay ME!



Do the Diggle Wiggle!

Mr. McAfee Retires

His smile is ready, his chuckle comes easily, and never more so than when he is contemplating a particularly rich and fattening piece of pastry! Behind the jocular exterior, however, "Mac" is a man who genuinely cares about his students individually and his fellow man in the aggregate. Although he deserves the rest and relaxation that retirement should bring, we shall miss him as a guidance counselor and as a friend.

Head Coach Robert Liljedahl and Capt. Peter Smith

The 1980 football season for new coach Bob Liljedahl and the Whalers was a frustrating one. They ended the season with a record of two and eight, though many of the losses were breathtakingly close and so easily could have been wins. Coach Liljedahl took over the position as head honcho after serving several years as an assistant coach. Captain Peter Smith led the Whalers through this tough year of transition and managed to maintain the morale of his teammates under stress. In the grand finale, however, the Whalers covered themselves with glory by pulverizing Durfee on Thanksgiving 23-0.

Donna Lyonnais, Co-Capt. Lisa Iacoponi, Christine Schell, Robyn Silva, Coach Bruce Morell.

The Girls' Swim Team had its best season of recent years, finishing with a respectable 4-4 record. Co-Captains Lisa Iacoponi and Donna Lyonnais led the Whalers this year with strong efforts also coming from Seniors Louise Cabral, Chris Schell, Robyn Silva and Monique Bourgeois.

Second year Coach Bruce Morell has given the Swim Team a new, improved look. This year seven girls qualified for S.E. Sectionals and two girls qualified for States. The Girls' Swim Team is truly a team for the future. All of the existing swimming records were broken this year and five of the new records belong to underclassmen.

The NBHS Soccer Team turned in a winning season once again this year. Finishing the season with a 9-2-4 record, the Whalers showed themselves to be a continuing power in area soccer. The NBHS Booters again qualified for the state tournament, but they were eliminated in the first round by the eventual champions, Wellesley.

Seniors who will be missed are Expo Duarte, Robert Carreiro, Goncalo Rego, Paul Santos, Abibou Niang, Joe Valente and Tony Oliveira, but the Whalers have eight returning lettermen to continue their success.

The 1980 Girls' Field Hockey Team was a young team with a lot of heart whose record in no way indicates their unremitting hard work. This team showed much promise for the future, which was evident in two tough losses this season. They lost 1-0 to both Dartmouth and Dennis-Yarmouth, two of the best teams in this end of the state.

They will be losing only three Seniors this year: Chris Veary, Lynn Landry and league All-Star Nicky St. Pierre. Hopes are high for next year.

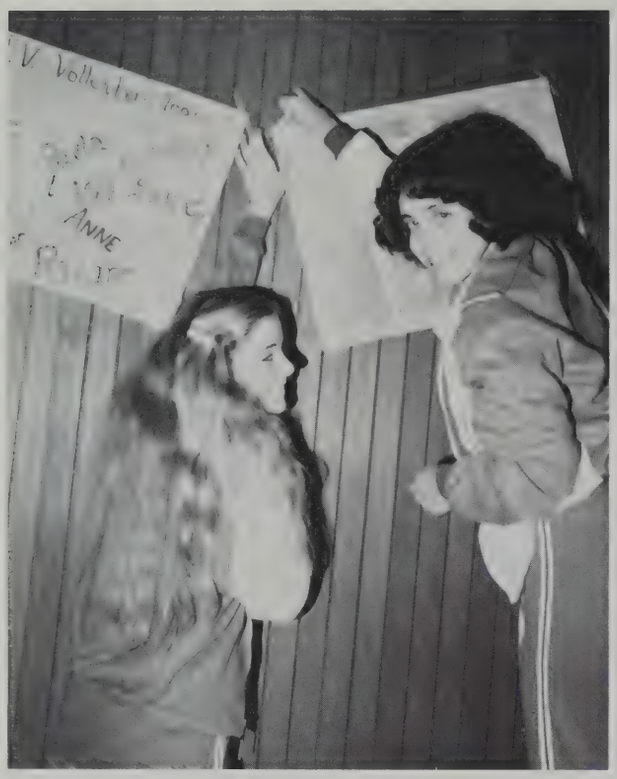
Volleyball Team Looks



This was a disappointing year for the NBHS Volleyball Team. They finished the season with a record of four wins and twelve losses. This was not unexpected because this year's varsity squad with only two seniors was young and inexperienced. The coming season should be more successful for the Whalers, who will have seven returning varsity players and a junior varsity that compiled a record of thirteen wins and one loss.

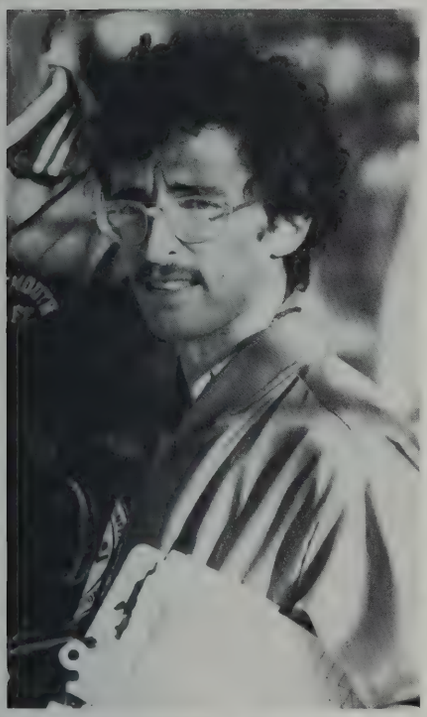
Shows Improvement



The Cross-Country Team continued to improve this year, their third year under Coach Steve Gardiner. Highlights of the year included two wins over cross-town rival Voc.-Tech. for the first time ever. At the state championship meet, the Whalers finished eleventh out of all the Division I teams entered. The future looks bright for the harriers; in the Dartmouth Invitational Freshman-Sophomore Race, the team impressed many observers by taking six of the first fifteen places.

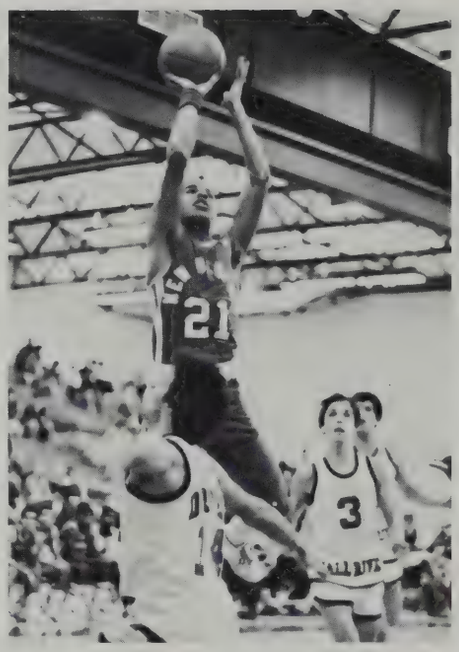
Skates to Win

The NBHS Hockey Team has been steadily improving over the last few years. This year, all the hard work paid off. Led by Captain Bobby Reynolds, the Whalers defeated most of their area opponents. Several defeats were at the hands of powerful Cape teams. With a strong group of underclassmen, the Whalers should be even more successful next year.

N.B.H.S. Hoopsters Finish



N.B.H.S. basketball fans were treated to another successful and exciting season. The Whalers finished at the top of their division tied with Barnstable, and qualified for tournament play. The Whalers' style was a favorite with the fans, marked by fast breaks and NBH-style dunks. Seniors Mark Dias, Bobby "Buster" Lopes, Mike Conward, Donald Pina, Richard Nobre, Billy Gooden, and Thurman London will be missed, but the Whalers showed during the season that they had depth and they won't be short of talent next year.

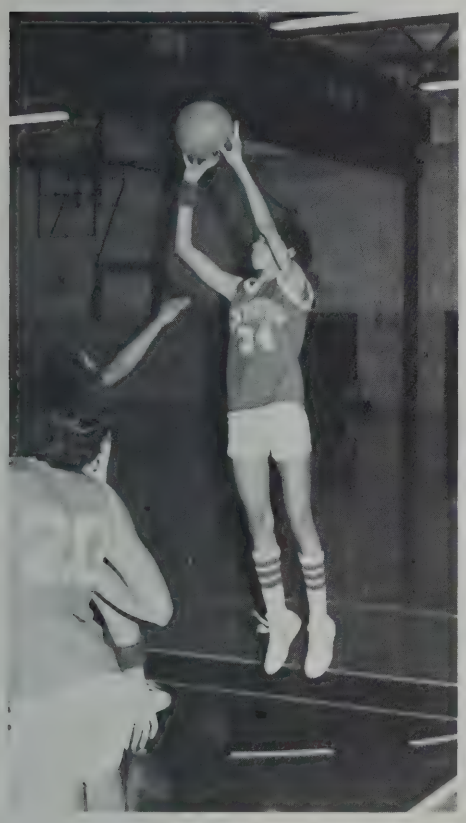
Is Hard to Beat



The girl's basketball team enjoyed another successful season this year, so far, losing only to a strong Westport team. Their record qualified them to participate in the post-season tournament this year. The 1980-81 squad did not have a lot of height, but they made up for that with speed and precision. Leading the way for the Whalers were Seniors Dawn Gomes, Cathy Johnson, Carla Duckett, Helena Macedo and Nadine Norwood.

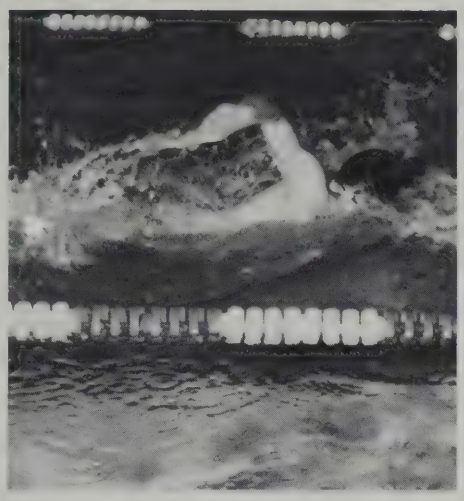
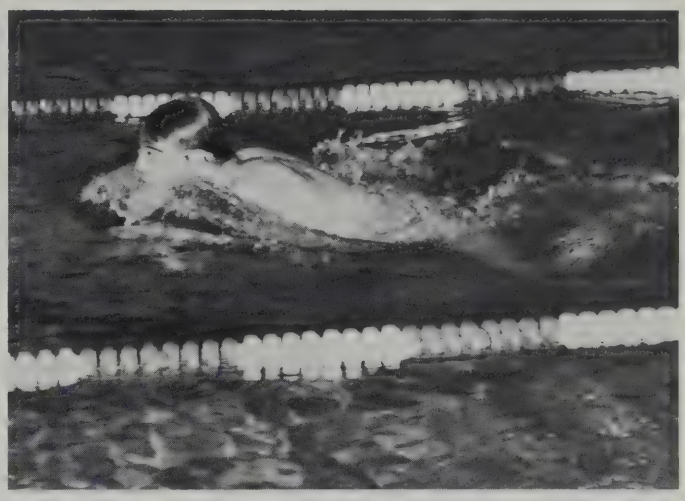
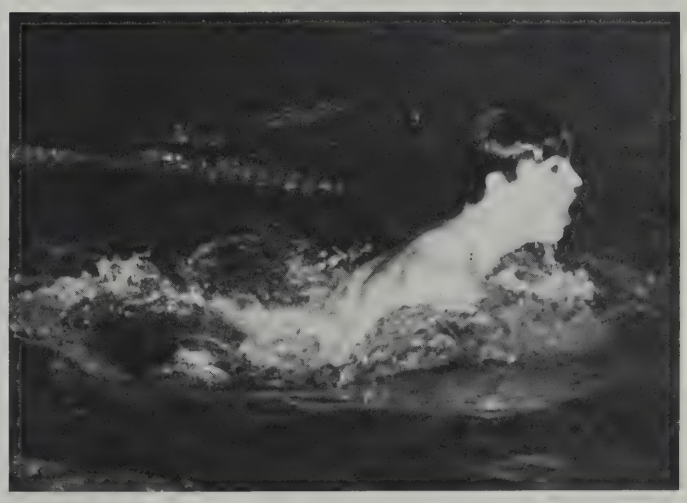
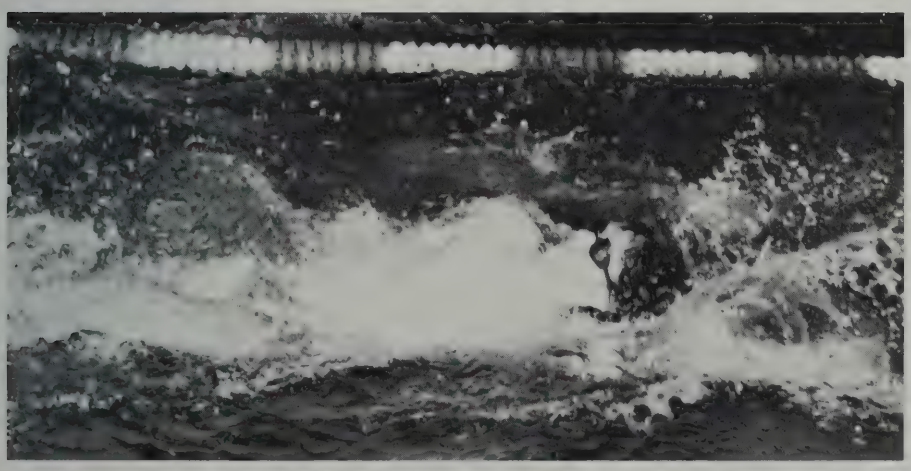
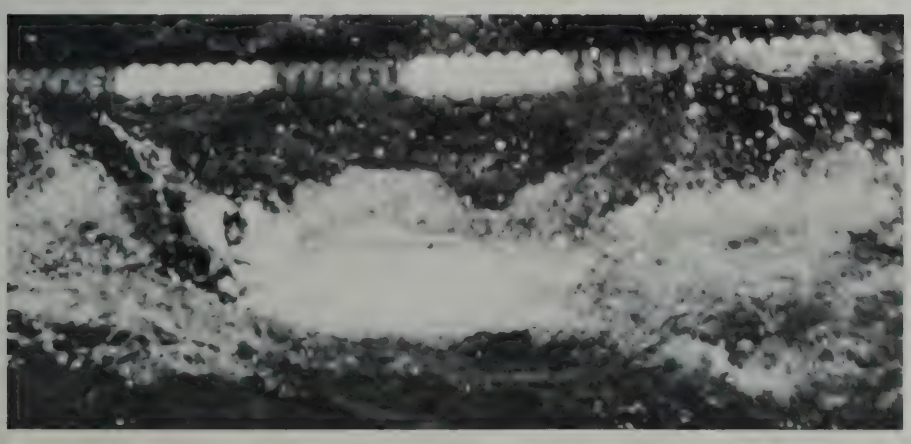
a Successful Season





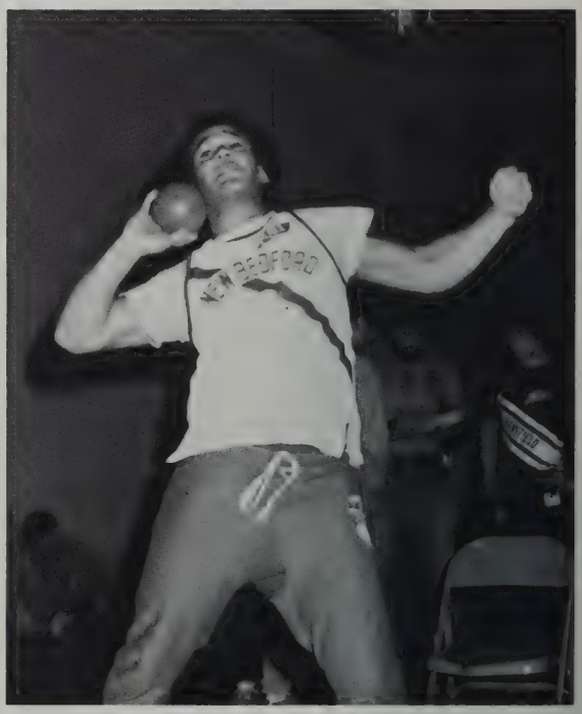






The New Bedford High School Swim Team proved itself a versatile and adaptive swimming machine with five victories in a row and an upset victory over Attleboro. Although the practices were grueling, the leadership of Coach James Medeiros and the rapier wit of its Seniors maintained the team's high-spirited togetherness. The team reached its peak against arch-rival Middleboro and sent many swimmers to the important championships at the end of the season. Remember . . . Be for real, Pete's foam finger, yeaayuh, be a cob, flip turns — Peter and Matt? 9:15 — right Harry, Bobby R. — our state qualifier, Brian's assault on 500 record, Disco Rick, and good luck at Bethany, Duane.

Trackmen Bring



New Bedford High has been a team to beat on the track for many years. This year's team, with a dual meet record of 4 wins and 2 losses, did not capture this division crown, but they proved that they are still an area power. They showed their strength by winning the annual Voc-Tech Invitational and by retaining their Class A State Relay title.

The Whalers will be losing Tri-Captains Scott Cliff, Melvin Rodriguez and Ismenia Gomes, as well as Seniors Joe Ribeiro, Jeff Stott, Lori Warrington, Kevin Santos, Nicole St. Pierre, Miguel Maranhao and Chris Veary, but the remaining team members have already shown that they are capable of carrying the load.

WE'RE GROWING TOGETHER

Southeastern Massachusetts is on the move . . . rebuilding, rejuvenating this community.

People all over the area are moving together towards a better Southeastern Massachusetts.

The New Bedford High School is an important part of that growth, that improvement.

And that's why we at SRTA thank them.

Join us, and them. Let's keep Southeastern Massachusetts moving in the right direction.

Let's go together.

To the Seniors:

New Bedford High School is a part of one of the oldest educational systems in the United States. It has much tradition and many grateful alumni. I am one of them.

In my career as teacher, department head and headmaster at New Bedford High School, I have been privileged to observe the customs, curricula and students at many other secondary schools. It is with the deepest personal and professional satisfaction that I can declare my profound pride in being headmaster of such a tremendous school. Our physical plant is outstanding, but more importantly, our students are the best.

May the Class of 1981 go on to ever greater things. We wish you good fortune and ask you to remember that it all began right here at the home of the Whalers, New Bedford High School.

To the Seniors of '81:

To participate in the Rotary Youth Exchange Program, as I have done, is committing yourself to a year away from your family, friends and school. It is to meet a totally new environment, to seek new possibilities and challenges.

For me, it meant New Bedford, Massachusetts and New Bedford High School. For you, it meant Dag from Sweden.

I've learned new things, things I might never have come across back home. Being here at the high school for one year has truly helped me a great deal and it will color the rest of my life.

I really want to thank all you people. You've been great to me. I can't emphasize that enough; without you, it wouldn't have been possible.

Finally, I just want to say that I hope you have learned something about Sweden, its culture and customs. It's a great way of reaching out. Till we meet again, I wish you all the very best in the future.

En enda varld.

Love,
Dag

Well, it's over, and the 1981 Crimson Log is complete. First, I think it's appropriate to thank the Crimson Log staff for making all their deadlines (believe it or not). The long hours endured are well-reflected in the quality of this yearbook, and I wish that these few lines could repay you for all the work you've done, but that's something that comes from within.

Mrs. Sawyer, this paragraph should be titled "Chapter One" but then I'd have to go on forever!!! There wasn't a day in my Senior year that, for some particular reason, I didn't utter your name. You most certainly left a mark on me and on behalf of the staff, "We love you, Mrs. Sawyer." Oh, let's never forget the arguments we had, for there were many, but most important, we learned from each other. When I took on this position, I didn't know what I was getting myself into, but I'm darned glad I did.
